2. **General.**

2.1 This EULA is a legal agreement between the End User (whether an individual or the Licensee) and Promethean for the Use of the Software. In the event a Licensee's systems or technical administrator or other representative is accepting these terms on behalf of all intended End Users, it is the responsibility of that Licensee to ensure that the terms of this EULA are understood and complied with by each End User. The Software is protected by copyright laws and international copyright treaties as well as other intellectual property laws and treaties. The Software will be delivered in one of the following manners: contained or installed on Promethean Equipment or Promethean Certified Equipment; or downloaded from Promethean's website; or downloaded from a Promethean supplied CD, DVD, or other form of physical media. In each case, the Software is licensed, not sold, and is subject to the terms and restrictions of this EULA. In the event the Software is delivered by Promethean to an End User on a CD, DVD, or other form of physical media, the Licensee (or End User, where applicable) owns the media on which the Software is recorded, but Promethean and/or Promethean's licensor(s) retain ownership of the Software itself. Under no circumstances will title to or ownership of the Software and any intellectual property rights in and to the Software transfer to the Licensee or any End User.

2.2 For each Software license purchased separately or obtained as part of a Related Purchase, this EULA grants to You a non-transferable, non-exclusive, non-sublicensable right and license to use the Software, together with any related materials or documents provided by or on behalf of Promethean to You as part of the Software, during the Term in the Territory only subject to the terms, conditions, and limitations herein. For purposes of clarity, "Software" includes all such related materials and documents. The terms of this EULA will also govern any Software Updates and Upgrades provided by Promethean (including those provided through a Maintenance Agreement) that replace and/or supplement the original Software, unless such Upgrade is accompanied by a separate EULA in which case the terms of that separate EULA will prevail.

3. **Intellectual Property Rights.** Title to and ownership of the Software, and any patent, copyright, underlying trade secret, and other intellectual property rights in and to the Software or any of its parts shall not transfer to You, but shall remain with Promethean or its third-party licensors. The Software is confidential and proprietary to Promethean and/or its third-party licensors, and You shall hold the same in confidence. You will not disclose, provide, or otherwise make available the Software or any part thereof (including database structures and message formats) or copies thereof to any third party without the prior written consent of Promethean. You will not remove, obscure, or alter any notice of patent, copyright, trademark, or other proprietary notice on the Software. You will keep the Software secure, and prevent unauthorized access thereto and copying or use thereof. You will notify Promethean immediately if You become aware of any unauthorized possession or use of the Software by any person or entity without a license.

4. **Permitted Use and Restrictions.** Whether You have purchased the Software as a stand-alone license or received it as part of a Related Purchase free of charge from a Promethean Partner or from Promethean directly, the Software will be Used by You in accordance with the terms of this EULA based on the type and number of Licenses specified in the order documentation agreed between You and Promethean or a Promethean Partner. To the extent there is a conflict between the terms of this EULA and the terms in any order documentation, the terms of the EULA will prevail. The terms of this EULA shall not be amended or altered, unless such amendment or alteration has been agreed in writing and signed by a member of Promethean's Executive Leadership Team¹. For the avoidance of doubt, no person other than a member of Promethean's Executive Leadership Team, is authorized to agree to any changes or amendments to the terms of this EULA.

4.1 **Single-User License:** The License that is granted as part of a Related Purchase and the license that is purchased as a stand-alone license is a Single-User License (unless otherwise agreed in writing in the order documentation). A Single-User License permits the Software to be installed for Use by You in accordance with the terms of this EULA on a single computer operated at the Licensee's Site. The Software will not be Used on or transferred to another computer except that the Software may be transferred to an alternate computer at the Licensee's Site if the original computer is not working. One additional installation of the Software is permitted on one other computer located outside the Licensee's site for the purpose of preparatory work only. You will not sub-license, lend, lease, rent, transfer, or otherwise make the Software available to any third party without the prior written consent of Promethean. In the case of an End User, upon cessation of employment or contractual relationship with the Licensee or, in the case of a student, when the student is no longer enrolled by the Licensee, the Software must be removed from the End User's personal computer, and any copies of the Software should either be destroyed or returned to the Licensee. You will not sub-license, lend, lease, rent, transfer, or otherwise make the Software available to any third party without the prior written consent of Promethean.

¹ Members of the Executive Leadership Team report directly to Promethean's CEO.

4.2 Multi-User License: If the order documentation indicates that the Licensee is granted a Multi-User License, subject to the concurrent use restrictions set forth in Section 4.3 below, the Software is permitted to be installed on up to five (5) computers all of which may be located at the Licensee's Site or one or more of the five computers may be located outside of the Licensee's Site for the purposes of preparatory work for the benefit of the Licensee only. The Software will not be used on or transferred to another computer except that the Software may be transferred to a replacement computer if one of the original five (5) computers is not working. For example, where there is a purchase of ten (10) Multi-User Licenses purchased for a Licensee's Site, subject to the concurrent use restrictions in Section 4.3 below, the Software may be downloaded on up to five (5) computers per License for a total of fifty (50) computers. The fifty (50) computers may all be located at the Licensee's Site, or some of the fifty (50) computers may be located off-site for preparatory work for the benefit of the Licensee only. In the case of an End User, upon cessation of employment or contractual relationship with the Licensee, or, in the case of a student, when the student is no longer enrolled by the Licensee, the Software must be removed from the End User's off-site computer, and any copies of the Software should either be destroyed or returned to the Licensee. You will not sub-license, lend, lease, rent, transfer, or otherwise make the Software available to any third party without the prior written consent of Promethean.

4.3 No Concurrent Use: While each Multi-User License allows for the Software to be downloaded onto five (5) computers, the license does not allow the Software to be running concurrently on more than one Interactive Display Device per License at any one time. For example, where there is a purchase of ten (10) licenses, the Software may be downloaded on up to fifty (50) computers, but the Software shall not be operated concurrently at any given time on more than ten (10) Interactive Display Devices.

4.4 Restrictions on Use of the Software if Provided as part of a Related Purchase: A "Related Purchase" as used in this EULA means a purchase of Promethean Equipment or Promethean Certified Equipment which comes together with a Single-User Software license at no additional cost. Except as otherwise set forth in this Section 4.4, the Software received as part of a Related Purchase is only permitted to be operated with the Promethean Equipment or the Promethean Certified Equipment with which it came at no additional cost. The Software is not permitted to be operated with any other 3rd party Interactive Display Devices. If Software License came at no additional charge with a previous Related Purchase of the following Promethean Equipment: ActivEngage software, ActivExpression, and ActiVote kits, subject to the warranty exclusions set forth in Section 9, the Software may be operated on any Interactive Display Device (whether Promethean branded, Promethean certified, or a 3rd party's) so long as the Software is used simultaneously with the ActivEngage software, ActivExpression, or ActiVote kits with which the Software came.

4.5 Use with Other 3rd Party Devices: If the Software License was purchased as a separate stand-alone License and not obtained as part of a Related Purchase as described in Section 4.4, the Software is permitted to be displayed on not only Promethean Equipment or Promethean Certified Equipment but also any 3rd party manufacturer's non-interactive or Interactive Display Devices. However, the Software has been specifically designed for optimum performance with Promethean Equipment and Promethean Certified Equipment, and no warranty, guarantee, or assurance is made or given by Promethean in relation to the performance of the Software with any other 3rd party devices. PLEASE NOTE THAT THE WARRANTY SET OUT IN SECTION 9 SHALL NOT APPLY WHERE THE SOFTWARE IS USED IN CONJUNCTION WITH DEVICES OR SOFTWARE THAT IS NOT PROMETHEAN EQUIPMENT OR PROMETHEAN CERTIFIED EQUIPMENT.

4.6 No Transfer or Sub-License: Once the Software has been downloaded, it cannot be transferred to another computer except to replace one of the previously loaded computers. In

the case of an End User, upon cessation of employment or enrollment (as applicable) with the Licensee, the Software must be removed from the End User's computer located outside of the Licensee's Site, and any copies of the Software should either be destroyed or returned to the Licensee.

4.7 Back-up Restrictions: You will not copy nor permit any third party to copy the Software, except to make a reasonable number of copies solely for testing, backup, or archival purposes, provided all copyright and proprietary notices contained on the original are included on the permitted copies.

4.8 Decompilation: You will not modify, decompile, disassemble, or otherwise reverse engineer the Software, or create derivative works based on the Software. If the Territory is the United Kingdom, You may only exercise rights under Section 50 of the United Kingdom Copyright Designs and Patents Act 1988 if you have first asked Promethean to disclose the required information, and Promethean has declined to do so.

4.9 Proper Use of Software: You acknowledge that the continued integrity of the Software and Promethean's performance of its obligations described in this EULA relies upon the proper Use and maintenance of the Software by the End User. Proper Use and maintenance means that the End User will: (i) install all Updates and Upgrades made available to the End User by Promethean; (ii) Use the Software in accordance with the documentation supplied by Promethean and the terms and conditions of this EULA; and (iii) follow Promethean's instructions for installing new Updates and for correcting and circumventing bugs and fixes to the Software.

4.10 Applicable Laws: You agree to comply with all applicable laws regarding the Use of the Software and any component thereof. All title and intellectual property rights in and to content which may be incorporated through use of the Software is the property of the respective content owner, and may be protected by applicable copyright or other intellectual property.

5. Maintenance of Records. You will maintain accurate and up-to-date records of the number and location of all copies of the Software including but not limited to Software installed on computers located outside of the Licensee's Site as outlined in Section 4.

6. NFR (Not for Release) and Evaluation Copies. Notwithstanding other sections of this License, Software labeled or otherwise provided to You on a promotional basis may only be Used for demonstration, testing, and evaluation purposes, and may not be resold or transferred.

7. Export and U.S. Government Restricted Rights. You agree not to export the Software, or re-export or resell the Software from the Territory, directly or indirectly, or otherwise take any actions which would result in the deemed export of the Software without first complying with all applicable export laws and regulations. You are responsible for complying with any local laws in your jurisdiction which may impact your right to import, export, or use the Software. If you are the U.S. Government or one of its agencies or end users, the Software is a "Commercial Item(s)" as that term is defined at 48 C.F.R. Section 2.101, consisting of "Commercial Computer Software" and "Computer Software Documentation" as such terms are used in 48 C.F.R. Section 12.212 or 48 C.F.R. Section 227.7202, as applicable. Sections 227.7202-1 through 227.7202-4, as applicable, the Commercial Computer Software and Computer Software Documentation are being licensed to the U.S. Government, its agencies or end users: (a) only as Commercial Items, and (b) only with those rights that are granted to all other end users pursuant to the terms and conditions herein.
